

PRESS RELEASE

Vintage & Modern Bullion Authentication Companies, LLC (VMBAC) announces initial product launch.

Casa Grande, Arizona – October 1, 2024 – Vintage & Modern Bullion Authentication Companies, LLC doing business as Bullion Authentication Company (**BAC**) will be launching its initial product offering at the FUN Convention in Orlando, Florida, January 9-12, 2025. **BAC**'s goal is to be the first company that is a collective resource in bringing together the vintage and modern bullion services below:

- Authenticate, grade and encapsulate vintage and modern rounds and bars of silver, gold and other precious metals.
- Create a public specialized database aggregating known types of vintage bullion, which will be the foundation to develop a bullion wholesale/retail price guide.
- Provide Population Reports (based on grade & condition), Registry Sets and Customized “My Portfolio” Information.
- Bring together buyers and sellers of bullion where customers can place orders for **BAC** bullion or sell bullion through a select group of verified Dealers.

Michael Greenwood, owner of **BAC**, is excited to be a part of a team of industry experts that is developing the tools, information and resources needed for the vintage and modern bullion collector's market. **BAC** is asking the bullion-collecting public for assistance in securing and preserving historical bullion information. If you have information to contribute or questions, please reach out to info@bacgrading.com, call 206-931-4639 or visit www.bacgrading.com.
