Bullion Sheet

The BAC Population Report (Bullion Sheet or 'Bull Sheet') is now live! Available only to Dealer and Collector Stacker Club Members, the Bull Sheet shows how many of a particular item have been graded at each level (1-10). You can drill down and see full details and images of the pieces. Upcoming enhancements will introduce recent sales data along with bid and ask price ranges. If you have feedback on this new report, we'd love to hear it!
